

Culture Component Tutorial

To build a culture component in the site, there are two steps:

1. Build the individual culture features
 - a. You must have four to build the culture component. You can either build new ones or use existing ones.
2. Build the culture component and pull in the culture features.

1. Build the individual culture features

From the admin toolbar, go to Content > Add content > click on Culture Feature.

Fill out the fields:

- Title
- Description
- Either:
 - Upload an image and add alternative text (make sure your image file name and alternative text are SEO-friendly)
 - Add a video URL
- Highlight content
- Highlight link (optional link to the highlighted feature's website)
- Distance content
- Distance link (optional link to Google Maps)
- When it happens content

Title *

Festivals Acadiens et Créoles

Description

Rich text editor with toolbar (B, I, link, unlink, undo, redo, insert, source) and content: Lafayette's biggest display of Louisiana French music and culture happens next to campus every fall in Girard Park. UL Lafayette's Center for Louisiana Studies, traditional music ensembles, and the Hilliard Art Museum all help put on this four-day, five-stage festival.

[Empty video field]

Highlight Content

Free music festival

Highlight Link

http://www.festivalsacadiens.com/

Start typing the title of a piece of content to select it. You can also enter an internal path such as /node/add or an external URL such as http://example.com. Enter <front> to link to the front page. Enter <nofollow> to display link text only.

Distance Content

5 minute walk from residence halls

Distance Link

https://goo.gl/maps/RFDioQzj6uug3rbn7

Start typing the title of a piece of content to select it. You can also enter an internal path such as /node/add or an external URL such as http://example.com. Enter <front> to link to the front page. Enter <nofollow> to display link text only.

When It Happens Content

Every October

When It Happens Link

[Empty link field]

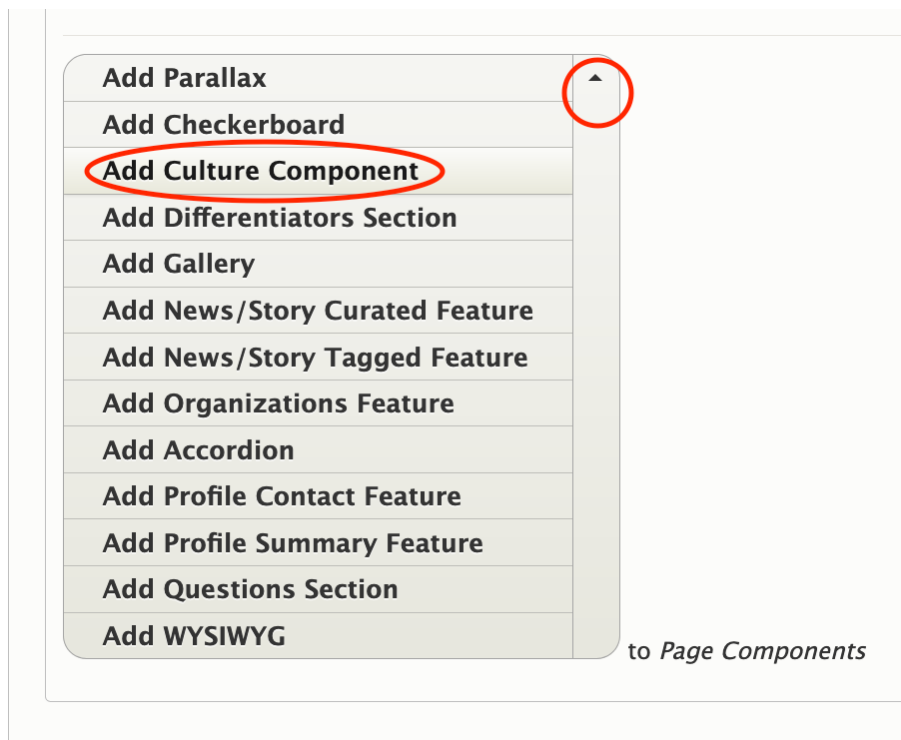

Start typing the title of a piece of content to select it. You can also enter an internal path such as /node/add or an external URL such as http://example.com. Enter <front> to link to the front page. Enter <nofollow> to display link text only.

Scroll down and save. Repeat for the three other culture features you want to include (if they are not already built in the site).

2. Build the Culture Component in a page

Go to the page where you want to add the Culture Component and click in to edit.

Scroll to the bottom of the page and click the arrow next to the “Add Parallax” button. A drop-down will appear. Click Add Culture Component.

The Culture Component section will appear. Fill out the fields:

- Title: The label that will appear at the top of the Culture Component.
- Main culture features: In each field, start typing in the names of the four culture features you want to include. Choose the name of the culture feature from the auto-

suggest dropdown.
