12 Rabalais shared with council members that discussions regarding creating distinct categories of  
13 Graduate Faculty membership for retired/emeritus and non-tenured/tenure-track faculty and  
14 temporary UL employees will be discussed at the upcoming Graduate Program Leadership Meeting  
15 and with the Dean's Council. Recommendations and discussions will be brought forward at a future  
16 Graduate Council meeting for review and discussion.

18 **Graduate Council Goals and Objectives for 2024-2025:**

19 Rabalais confirmed that discussion had begun on the two issues brought forth in the September  
20 meeting, namely the expansion of the list of countries considered "English-speaking" for admission  
21 requirements and improving support for graduate programs in the context of post-resolution of Title  
22 IX and power-based violence complaints.

24 Rabalais then asked the council to share other goals and objectives for the 2024-2025 academic  
25 year.

27 One council member brought up the issue of a lack of clarity surrounding how graduate assistants  
28 handle duties in the context of short-term illness. The council discussed the possibility of a sick  
29 leave policy or some other guidance to mitigate these issues. It was decided to share these  
30 concerns with Dean Farmer-Kaiser and with HR to learn more about potential solutions or  
31 obstacles.

33 Council members discussed topics from the State of the University address involving the addition  
34 of new graduate programs. Discussion was had regarding the funding needed to support new  
35 programs and the impact it would have on the current graduate education community.

37 Several council members expressed concern about difficulties with recruiting students given  
38 current stipend levels, particularly at the master's level. Members expressed frustration with the  
39 University's push for increased doctoral production without having necessary faculty support and  
40 compensation for the increased workload. One member suggested creating an ad hoc committee  
41 to look at benchmarking of other institutions handling of stipend offers and ways to improve  
42 recruitment.

44 **V. New Business**

1     **Call for Grand Marshal Nominations**

2     N. Rabalais reminded council members about the Grand Marshal Call for nominations.  
3     Recommendations are due to the Graduate School office by October 31, 2024. Voting will take  
4     place at the November 12, 2024 Graduate Council meeting.

6     **Graduate School Request to Expand English Language Proficiency Exempt Countries**

7     N. Rabalais presented the request from Dean Farmer-Kaiser regarding English Language Proficiency  
8     Exempt Countries. Discussion was held by council members regarding aligning our policies with  
9     other state institutions to expand our list of exempt countries. Council voted unanimously to  
10    recommend to adopt the change as outlined in Dean Farmer-Kaiser's memo to include the list  
11    currently offered at Louisiana State University Baton Rouge.

12  
13    Several members expressed the desire to look further into expanding the list, and it was decided  
14    that more information was needed. Rabalais asked for any specific information regarding other  
15    regions to be considered to be sent to him by November 5, 2024

17    **VI. Adjournment**

18    The meeting was adjourned at 3:37 PM.
