For my dream jobs, firstly i'd like to become a director. If that wasn't to work out, I want to be a National Guard Officer

What would my future family look like?

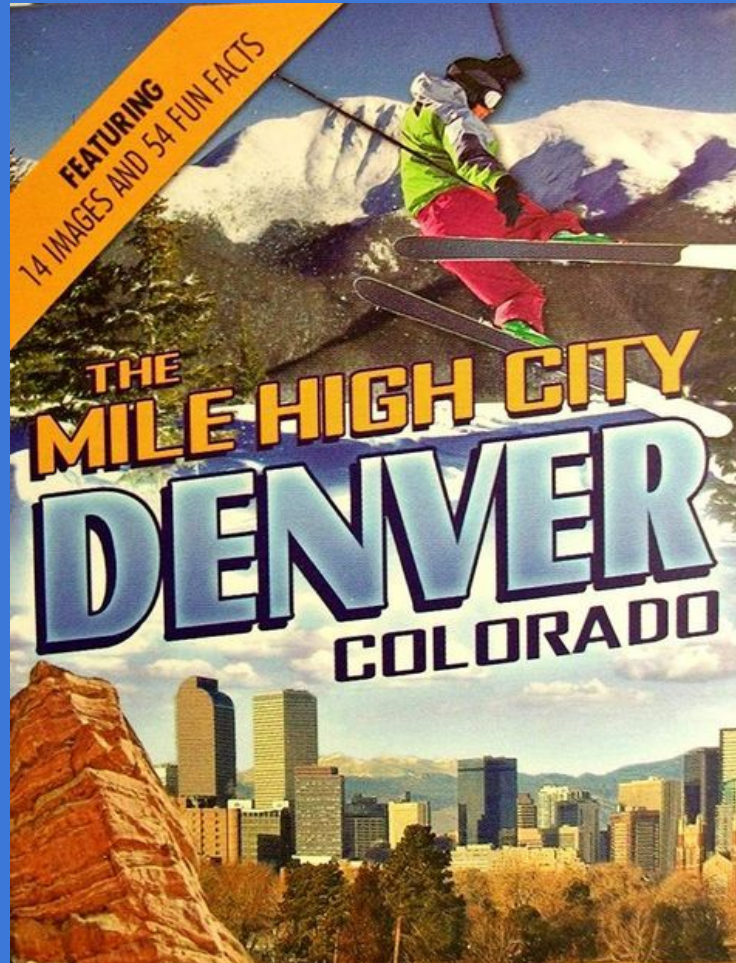

For my future family, I would love a husband & two kids, preferably two boys or one boy and one girl. A part of me also would love to adopt my kids.

Where would I like to live?

I would love to live somewhere secluded & guarantees snow whenever the winter season rolls around. Denver, Colorado has mainly been on my list of living places for awhile now. As far as a house I would love to stay in a log cabin or build one myself.

- Don't scroll yet, I love the idea of an all black house. This has been my obsession as well as the idea of a log cabin. If I had the opportunity to have two houses, I would most definitely invest in my black house with a sunken living room and bedroom.

For my dream car I want a 1957 Chevy Bel Air

My Vision Board

Listen I know you didn't ask for this but its winter & i just have to show love for my favorite season.. I'm too invested in this assignment at this point lol
