After class was dismissed we all decided to get a head start on the project and go on a search for the brick. After some slight Facebook stalking and some incorrect math, we eventually found it! Day 1 and already 5 points in, now 95 more to go!

Task : Find & take a picture with Kayleigh's brick in the Walk of Honor

DAY 2

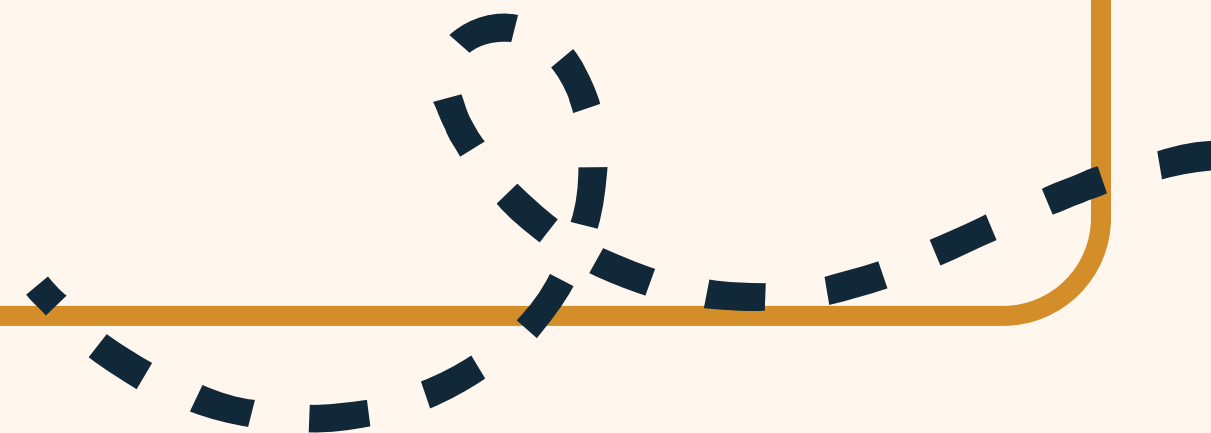

Task: Group members study in the library together

Our next two adventures consisted of library study dates & afternoon coffees! Down another 25 points, 70 left!

Task: Group members have a coffee together

DAY 3

It's Game Day! Our next stop was to one of our very own UL football games! Worth another 20 points and quite the hassle of finding each other in a crowded arena.

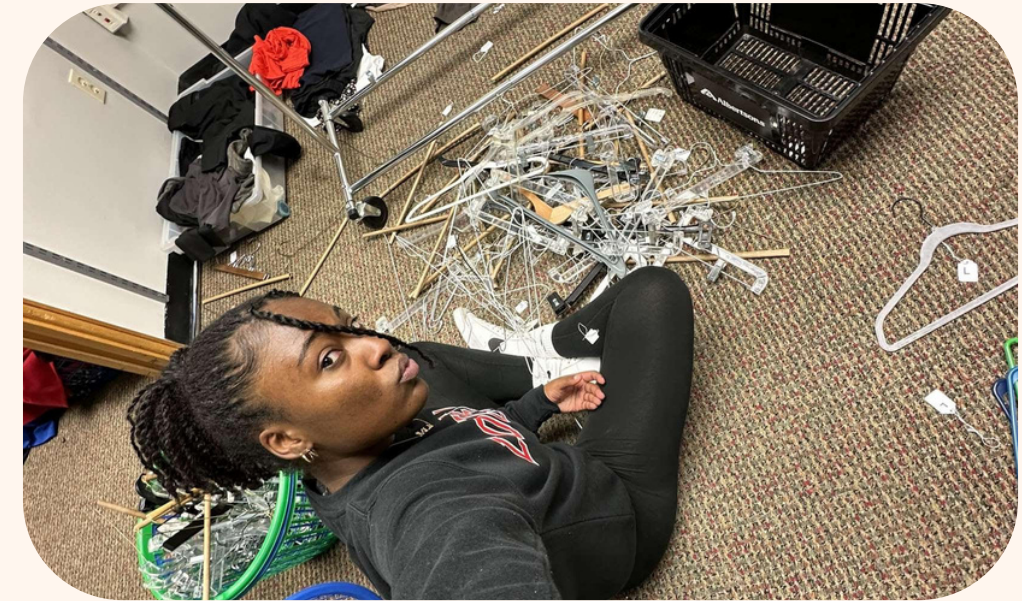

DAY 4

Our first individual assignment for the group was to volunteer an hour of our time to either the Career Closet or the Campus Cupboard! 40 points & a memorable experience all in one!

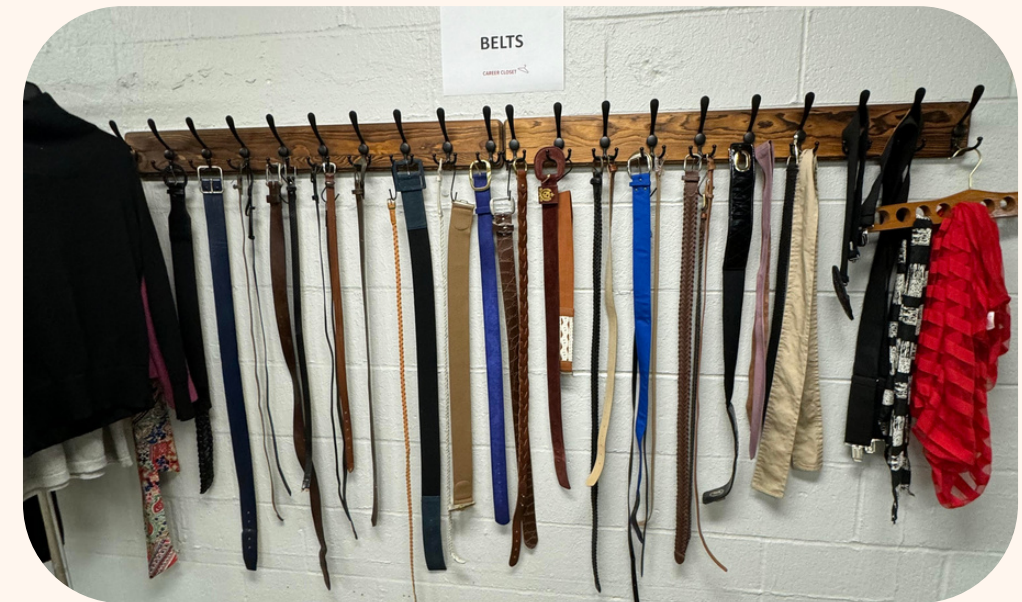

Ties & Shoes after being organized!

Group member Kayla sorting empty hangers

Group member Josie in the back room after her shift

Newly brought in belts added to the rack!

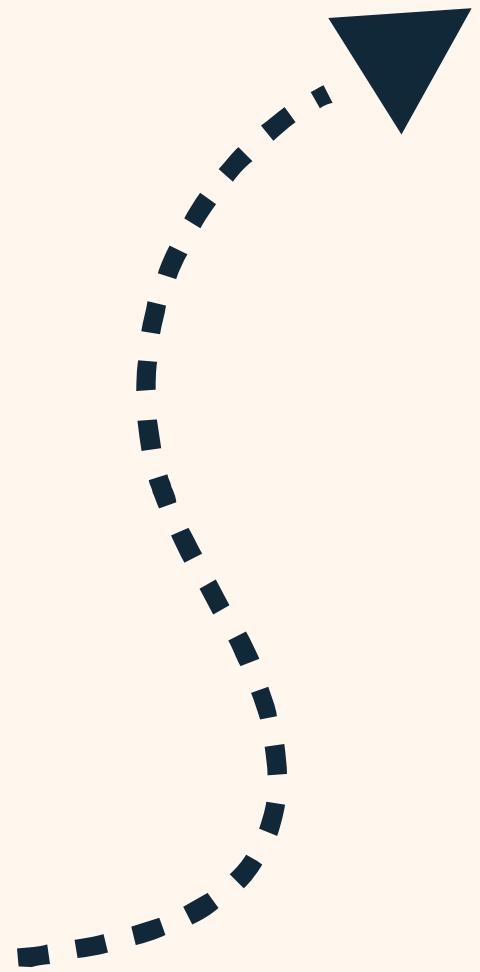

DAY 5

For our last 10 points we all headed back to the lovely career closet and grabbed a piece or two of clothing that stood out to us.

(P.S no need for pics, you're looking at them!!)

THANK YOU!
